

COMMONWEALTH OF KENTUCKY
BEFORE THE PUBLIC SERVICE COMMISSION

In the Matter of:

THE APPLICATION OF THE UNION LIGHT,)	
HEAT AND POWER COMPANY FOR AUTHORITY)	CASE NO.
TO PROVIDE NON-METERED GAS SERVICE)	94-260
FOR THE PURPOSE OF STREET LIGHTING)	

O R D E R

IT IS ORDERED that The Union Light, Heat and Power Company ("ULH&P") shall file the original and six copies of the following information with the Commission with a copy to all parties of record no later than 14 days from the date of this Order. ULH&P shall furnish with each response the name of the witness who will be available at the public hearing for responding to questions concerning each item of information requested.

1. In reference to Item 3 of ULH&P's July 8, 1994 Application, explain how the set pressure for the lighting is achieved.

2. How will ULH&P's tariff ensure:

a. Responsible operation, maintenance, and service of the lighting fixtures?

b. Safety measures to keep the gas burning and free of leaks?

c. A fair and reasonable installation fee?

d. A reasonable rate for gas usage?

3. Will ULH&P provide a pressure regulator to a public lighting fixture whenever it is necessary? If yes, explain who pays for the regulator.

4. Will ULH&P provide a safety shut-off valve whenever it is necessary for an unattended gas lighting fixture?

5. Will ULH&P authorize the customer to install the lighting fixture? If yes, explain how ULH&P will inspect and test the lighting prior to igniting lighting fixture.

6. Will ULH&P provide a curb box and a valve for each lighting fixture?

7. Does ULH&P propose any customer charge for its gas street lights? If so,

a. State the amount of the customer charge.

b. Describe the cost components used to determine the customer charge for the gas street lights.

8. Will the current customer incur any additional customer charge for the gas street light? If so, how much?

9. Provide the following information about the proposed gas street lighting units:

a. Price of each unit.

b. All manufacturers' manuals regarding the lighting unit's operation, maintenance and safety.

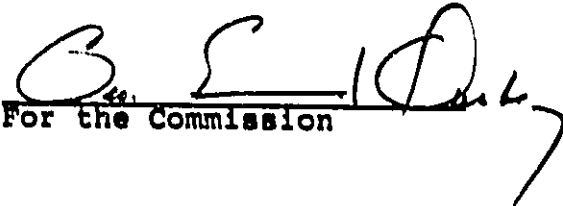

10. Identify the person(s) responsible for the operation and maintenance of the gas street lights.

11. Since the gas street lights are not metered, explain in detail how ULH&P will monitor the lights to detect unusual levels of usage or line leaks.

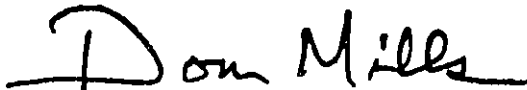

12. Does the term "customer" in ULH&P's application refer to individual ratepayers, governmental entities, or other customer categories? Please elaborate.

Done at Frankfort, Kentucky, this 19th day of August, 1994.
